

Are you looking for: -

- Increased PRODUCTION
- Maximising CNC Machine potential
- Improving CNC Program Management
- Easier Programming and Editing
- Efficient Wireless and Hardwired DNC links
- Process Monitoring and feedback
- Full user support

Sandwell College Engineering Section in conjunction with J2COM Limited is offering a ½ Day hands - on experience of the full range of products from CIMCO Integration to employers.

Now the bad news...

As you know nothing is free, and yes unfortunately this taster course will cost you at least four hours of your valuable time.

The next available date is:

Wednesday 14th June 2006 8.30am – 12.30pm

Venue: Sandwell College, Smethwick Campus, Crocketts Lane.  
Smethwick. Birmingham. B66 3BU.

Room: CA0.18

To book a place please contact:

Rod Horsburgh: 0121 253 6227/29 Rod.Horsburgh@sandwell.ac.uk

Jeremy Sobey: 01905 621923 jeremy@j2com.co.uk
